LET'S MEET

MAVERICK

Clandestine warfare is a wildly unpredictable and dangerous game. For **Maverick,** it is a way of life.

A master in the deadly art of espionage, his unique mutant physiology and state-of-the-art weapons arsenal have become his stock-in-trade.

Currently suffering the effects of a terminal illness which is slowly consuming his body from within, Maverick is living proof that one's control over one's destiny is somewhat limited at best.

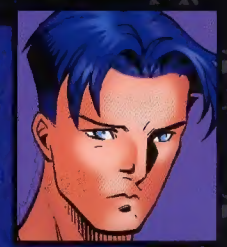
Haunted by his past. Hunted by his foes. Betrayed by his own body. In many ways, Maverick has good reason to fear life more than he does death.

Yet still he clings to life, all the while struggling to fill the little time he has left with some sense of purpose. Especially now that he has finally found a family to call his own— a testament to the fact that the ties that bind are often forged in the face of great adversity.

MAVERICK

A former CIA operative working for Team-X, David North became a mercenary for hire who goes by the moniker Maverick. Since then, he has specialized in the dirty jobs that no one else wants to do yet desperately need doing, using his mutant power to absorb and rechannel kinetic impact at will. Infected with the Legacy Virus and faced with an uncertain future, Maverick has no way of knowing what will kill him first: his many enemies... or his own body.

BRIAN JOHNSON



At sixteen, Brian Johnson learned he was a mutant and that he had contracted the Legacy Virus. Maverick arranged for Brian and his family to be relocated after anti-mutant violence destroyed their home. Though Brian possesses the ability to emit electrically-charged bursts of energy, his control over these powers is becoming increasingly erratic as his condition worsens.

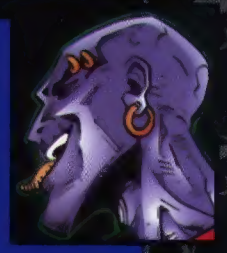
IVAN PUSHKIN

The powerful head of the Russian mafia, Pushkin's ruthless and unmerciful tactics have earned him the name Ivan the Terrible. Pushkin frequently enlists his bodyguards/enforcers, Hammer and Sickle, to keep his enemies in line. Pushkin is constantly trying to expand his territory, and intends for nothing to get in his way.

HAMMER

Enlisted as a teenager by Ivan Pushkin to join his criminal organization, Boris Lubov goes by the code name of Hammer, a name matched by the deadly weapon that he carries. Along with Sickle, he serves as body-guard and errand boy to Pushkin. Hammer and Sickle are devoted to him, and their loyalty knows no bounds.

SICKLE



Serving as Ivan Pushkin's personal bodyguard, and usually working in conjunction with his partner, Hammer, Sickle (a.k.a. Nikolai Vronsky) literally uses an energized sickle to slice at his enemies.

PREVIOUSLY IN

MAVERICK

Maverick and the Confessor had an all-out war, which ended in Maverick's defeat.

As he dealt his final blow, the Confessor implied to Maverick that his parents, before their deaths, had been affiliated with the Nazi Party.

Meanwhile, Brian Johnson argued with Doc Keller; when he returned to the lab to apologize, he found Doc at the mercy of a group of mutant-hating thugs. Now, Brian risks taking action, revealing his mutant powers in public, and chancing exposure of his new identity.

YOU SEE--I INTEND TO BREAK YOU.

WHAT'S THE GAME PLAN THIS GO-AROUND? SMUGGLING? ARMS DEALING? ANOTHER ASSASSINATION ATTEMPT?

MY PLANS DO NOT CONCERN YOU.
SUFFICE IT TO SAY, THEY ARE AT A CRITICAL JUNCTURE, AND I CAN NO LONGER TOLERATE YOUR CONTINUED INTERFERENCE IN MY AFFAIRS.

ITEM! Marvel's longest journey is about to reach its end! That's right -- next week marks the publication of the final issue of JOURNEY INTO MYSTERY -- our longest running title! JIM was originally conceived as an anthology book but that all changed in the mid-sixties with the arrival of THOR, who took over as the lead feature! Eventually the mag's name was changed to reflect its popular, hammer-swinging star! Recently, JIM regained its original title, and switched to a rotating lead feature format. The final issue, #521, features HANNIBAL KING, the VAMPIRE DETECTIVE, in the most bone-chilling case of his career! This terrifying tale, written by the character's creator, "Marvelous" MARV WOLFMAN and drawn by KARL "Kolchak" KERSCHL and "Our Pal" AL MILGROM involves a bunch of bloodsuckers who want to turn the human race into livestock -- and only Hannibal can stop them! While the mag may have reached its final destination, there just may be *more* journeys into mystery awaiting you in the future!

ITEM! Get ready to explore the MARVEL UNIVERSE, as you've never seen it before! MARVEL UNIVERSE is an all-new monthly comic featuring untold tales about your favorite heroes and villains throughout their long, illustrious histories! The 48-page first issue digs deep into the past, to those distant days of World War II, as CAPTAIN AMERICA, THE HUMAN TORCH, and the SAVAGE SUB-MARINER come up against the sinister BARON STRUCKER! As this story arc progresses, you'll learn for the first time the origins of the evil organization known as HYDRA! Future issues will reveal never-before-told secrets and legends of such characters as the ETERNALS, DR. DRUID, the TWO-GUN KID, the YELLOW CLAW, and the original CITIZEN V! ROGER STERN will be your literary guide through the MARVEL UNIVERSE, and there will be a new artist for each story arc! STEVE EPTING handles the art chores for the first saga, and next up will be MIKE MANLEY drawing the monster-hunting BLOODSTONE! MARVEL UNIVERSE will explore the distant past to the far-flung future -- with the occasional visit to the unpredictable present! The tour of the Marvel Universe begins next week! Sign up now! You know how we hate to start without you!

ITEM! BASTION is one of the greatest threats ever faced by the X-MEN! He's the mutant-hating maniac who launched "Operation Zero Tolerance" -- the purge which almost wiped out the entire mutant race! Last month, you learned Bastion's true identity in the CABLE & MACHINE MAN ANNUAL! Now it's time to learn the B-Man's awesome origin, in the MACHINE MAN & BASTION ANNUAL, out next week. This 48-page spectacular is written by that dashing duo, MICHAEL HIGGINS and KARL BOLLERS, and features incredible art by MARTIN EGELAND and HOWARD M. SHUM! CABLE pops up in this one, too, of course, and when he and Machine Man engage in some heavy metal mayhem, somebody's gonna need some spare parts! It's mutant vs. machine, with Bastion waiting in the wings! Can he possibly top the destructive fury of "Operation: Zero Tolerance"? Sure he can! That was just a *warm-up* for what he's got planned!

STAN'S SOAPBOX!

Hi, Heroes!

Let me start with an abject apology! I wanna apologize for the fact that you have to wait so many days between Soapboxes! I know how traumatic the long wait must be for you! You undoubtedly wish there could be a new Soapbox every day – or better still, every hour, but hey, nothing's perfect. Anyway, think how generous Marvel is – we give you an entire comic book adventure to read while you're waiting for the next Soapbox! No other publisher can make that statement! And now, the moment you've been waiting for, as we start our nationwide, televised, invitation-only No-Prize Award Ceremony...

Jeff McLelland of Brownsville, PA, sounds like an investigative reporter! Listen...

"Every Marvel comic says 'Stan Lee Presents' before the opening credits. Are you really that closely associated with the company or is it just a formality?"

Tell you what, Jeff – I've been with Marvel since I was 17! If that doesn't make me "closely associated" I'll double the No-Prize that you've so deservedly earned!

Even in far-off New Zealand, Noah Stackhouse is pining to find out:

"Will Blade get his own comic?"

We're way ahead of ya, ol' buddy! He's already got it! It'll probably reach New Zealand any day now. If it's still not on sale down under by the time you read this, let us know and I'll get the ol' Vampire Hunter himself to go down there and kick some butt!

Here's a doozie from Riverdale, Georgia's own keen-eyed Angie Wayte:

"I recently picked up a video of 'Trial of the Incredible Hulk' and I thought I saw you in the courtroom scene. Was I seeing things or was it really you?"

Yep, it was ol' "I'll-Do-Anything-To-Sneak-Into-A-Scene" Stan! I played the foreman of the jury and, to show you the confidence they had in my acting ability, my role had no speaking lines! But I think you'll agree I nodded my head like a pro!

Now, let's reluctantly wrap things up with our fourth No-Prize Laureate, Euan Spence of Wiltshire, England, who hits us with this plaintive puzzler:

"Why did you stop putting 'The World's Greatest Comics!' atop your covers?"

Two reasons, old bean – 1) We figure everybody knows how good we are by now! And 2) Due to our legendary modesty and innate shyness, we'd hate to have the riotous ranks of Marveldom Assembled think we were boasting!

And so ends another pandemonious plunge into culture and erudition, courtesy of magnanimous Marvel! But let me leave you with this gratuitous little gem of wisdom – You'll never be a Bullpen hero, if your reading skills add up to zero!

Excelsior!

Stan Lee

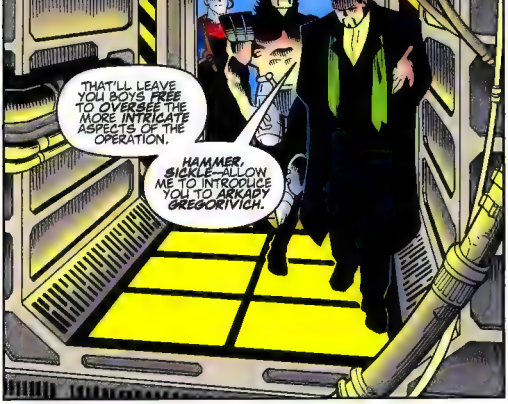
DUE TO THE SENSITIVE NATURE OF THE MISSION, I'VE HIRED HIM TO TAKE CARE OF MOST OF THE MUSCLE WORK.



THAT'LL LEAVE YOU BOYS FREE TO OVERSEE THE MORE INTRICATE ASPECTS OF THE OPERATION.

"DEADPOOL... MAD WISECRACKS, JUST LIKE ME"

BELIEVE IN THE IMPOSSIBLE!

Insurmountable odds...thousand-to-one chances...the sort of things the Mountain Brothers read and dream about every time they pick up an issue of Marvel Comics. Those same comics inspire them to set their sights high and take a stand for what they believe.

Mountain Brothers? They're the Philadelphia-based hip-hop rappers (clockwise from left: Peril-L, Chops, and Styles) now on the climb carving a new niche in sound and style. "*Self*", their major-label debut, is due out early this year.
